About Us

The Taupo Hospital & Health Society:

Our Mission:

- To assist in the continuation, and development of health care services for all persons within the Taupo Region.
- To promote whatever may seem helpful to those people in need of physical, mental or spiritual health care irrespective of race, creed or religious affiliation.
- To use the funds of the Society as the Society may consider supporting and assist the Taupo Hospital, whether financially or otherwise by gift or loan or in any other way the committee considers appropriate.
- In addition to provide support for the advancement education, promotion or benefit of any organisations requiring support which is in accordance with the aims of the Society.

Entity Structure:

- The Society was Incorporated on 3rd September 1992 under the Incorporated Societies Act 1908 of New Zealand. The Charitable Funds are held under Charity Deed registered at the Charity Commission on 19th June 2008. We are governed by a committee of volunteers consisting of Chairperson, Vice Chairperson, Secretary, Treasurer and ordinary committee members. We have no employees but use an administrative service to assist the Chair and the Treasurer as required.

Chairperson's Report

"27 Years of Purposeful Passion: 1992 - 2019"

I love seeing the upgrades to our Taupo Hospital facilities and the variety of services available, and how users from our community and visitors to our paradise are noticing the little changes that equal.....big change.

Taupo Hospital & Health Society Incorporated & Charitable Trust has donated and gifted \$1,740,141 for the development of health care services for all persons within the Taupo Region. Before the end of this year, the Society would have provided over \$2million which will include the purchase of an Echo Heart Scanner (Echocardiogram) for our main rural health facility - the Taupo Hospital.

A huge thank you to all our members and generous donors who have supported our Society's Echo Heart Scanner appeal and of course our Taupo Hospital. Our fundraising committee have been very busy creating opportunities to reach our goal to raise \$350,000 to complete the purchase of a much-needed medical equipment to reduce and clear the waiting list and avoid non-urgent users having to travel out of town. We are nearly there in reaching our goal!!!

A special mention to the following organisations for their time and efforts in supporting our appeal (as at 1st July 2019):

- Craters of the Moon Taupo Trust
- Taupo District Council
- Lion Foundation
- Harcourts Taupo
- Pakeke Lions
- Lakeland Lions
- The Rotary Club of Lake Taupo Charitable Trust
- Reporoa Lions
- Taupo Kiwanis Club
- Taupo Bridge Club
- Jolly Good Fellows
- Tenon Clearwood LP

At the beginning of this year we were fortunate to have a full quota of committee members and they are:

Ian Foster (Vice-chairperson); Deb Davies (Treasurer); Betty Rosanoski (Secretary); Sylvia Robertson; Viv McSherry; Mark O'Callaghan; David & Sandra Foss; Fita Alofa; and Julie Eilers - who after a short stint has resigned due to her busy retirement life.

I am delighted to introduce Neha Contractor who is the youngest committee member of our Society and was co-opted onto the committee in November last year. Neha is a member of the Indian community in Taupo.

A special mention to our patron Les Winslade who as always has been vigorously involved in the continuation of our Society and thrives on challenges to provide health services to our community. Also, to Deb who has been instrumental in keeping our Society up to date with changes in charitable trusts, particularly in administration accountability. A huge thank you to Viv, Sylvia and Mark for their invaluable commitment to our fundraising appeal.

Two of our committee stalwarts – Ian and Sylvia will leave our team at this AGM. On behalf of the Society, thank you and I wish you both all the best.

Our Membership fees remain the same with Ordinary Membership at \$10 for annual subscriptions AND Life Membership (Life in Perpetuity) with a one-off subscription of \$100, plus our Corporate Membership of \$100 per year.

As at 1st July 2019 our Membership stands at:	
Ordinary Members	42
Life in Perpetuity Members	162
Corporate Members	4
Non Current Members*	141
(*relate to non-financial members/deceased/moved town)	
Total Financial Members = 208	

Thank you to Alan Vane our Honorary Solicitor, to Gilma Orozco our Administrator, and to Ange Guy - Site Manager for Taupo Hospital and Liaison Representative to our Society.

This year's guest speaker is already known in the Taupo Health fraternity and he is now the Lakes District Health Board - CEO.

I am pleased to welcome Nick Saville – Wood and also newly appointed Alan Wilson, Chief Operating Officer for LDHB.

To close this annual report, I again would like to thank all our donors for our Echo Heart Scanner Appeal. I am proud to be part of our community and very grateful for your continued support for our Society.

Please join us after our AGM for light refreshments.

Other Information

The Committee members are responsible for the other information. The other information comprises the entity information and statement of service performance but does not include the performance report and our review report thereon.

Our conclusion on the performance report does not cover the other information and we do not express any form of conclusion thereon.

In connection with our review of the performance report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the performance report or our knowledge obtained in the review or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Basis for Qualified Conclusion

As for other organisations of a similar nature, control over the cash revenues collected from donations prior to being recorded is limited, and there are no practical review procedures to determine the effect of this limited control.

Qualified Conclusion

Based on our review, except for the effects of the matter described in the Basis for Qualified Conclusion paragraph, nothing has come to our attention that causes us to believe that the performance report does not present fairly, in all material respects, the financial position of Taupo Hospital & Health Society Incorporated as at 30 June 2019, and its financial performance and cash flows for the year then ended, in accordance with *Public Benefit Entity Simple Format Reporting Accrual (Not-For-Profit)* relevant to reporting financial position, financial performance and cash flows.

CHAIRPERSON'S REPORT

The Chairperson's Annual Report was sent to all Society's members.

Moved THAT the Chairperson's report be accepted.

L Hancock / B Rosanoski **CARRIED**

FINANCIAL REPORT

The newly appointed Treasurer Deb Davies presented the Society's Annual Accounts for the financial year ending 30 June 2018, handed over to her by I Rudd, previous Treasurer.

The key points she mentioned were:

Balance Sheet: 2018 Total Funds are \$216,288; previous year \$210,321. There is an increase of \$5,967, basically due to bank account interest.

Society's profit and loss: Total Income of \$11,012 in 2018 versus \$10,359 in 2017, again increase due to bank interest received.

The expenditure is \$5,045 for 2018 versus the previous year \$2,566. The increase is due to a couple of anomalies: the accountant costs is basically for two years fees and the secretarial expenses included services for the previous financial year.

Bottom line, the Society has a surplus of \$3,347 in 2018 versus the previous year \$6,557.

Moved THAT the Financial Report be accepted as true and accurate record of the Society's Receipts & Payments Accounts and Balance Sheet for the year ending 30th June 2018.

L Hancock / V McSherry - **CARRIED**

NOMINATION AND ELECTION OF COMMITTEE

The Chairperson informed that Ivan Rudd resigned as Treasurer from 1st July 2018. The Committee thanked Ivan Rudd for his services to the Society.

Eda Terry presented her resignation letter to the Committee on 21st August 2018 due to commitments to other non-profit organisations. However, Eda is keen to continue supporting the Society through her involvement with Grey Power.

The Committee also farewell Laurie Burdett. The Chairperson thanked Laurie for her dedication, time, support, sensibility and sensitivity. Committee members presented a token of gratitude to Laurie. Committee members will miss working with her.

Laurie thanked Committee members and expressed her confidence in the new Committee to achieve the Eco Heart project. She will be available to help with fundraising.

The Chairperson informed that the current Committee members agreed to continue:

Move THAT the Annual Subscriptions remain as status quo for the financial year 1st July 2018 to 30th June 2019

L Hancock / S Robertson - **CARRIED**

GENERAL BUSINESS

The Chairperson informed that at the last Committee meeting held in July, the Committee members unanimously agreed to seek approval from the Society's members at the AGM to purchase an echocardiogram machine or eco heart scan for Taupo Hospital.

LAKES DHB GUESTS SPEAKERS:

The Chairperson introduced the Lakes DHB guest speakers:

Stacey Neilson, Charge Sonographer and Team Leader Clinical Physiology Department, and Roger Lysaght, Service Manager, Clinical Support Services and Director Allied Health Scientific & Technical.

Stacey Neilson presented a video of the Echocardiogram (Echo).

An echocardiogram (Echo) is an ultrasound scan of the heart performed by a cardiac sonographer.

The echo uses sound waves to create pictures of the heart permitting rapid assessment of size, structure, and movement of various parts of the heart. These parts include the heart valves, chambers, walls and the blood vessels (aorta, arteries, veins)

The echo is non-invasive and very easy on the patient. The sonographer uses a gel to slide a microphone-like device called a transducer over the chest area. This allows reflected sound waves to provide live pictures of the heart and valves.

The echo scan exam can take between 30 minutes to an hour producing between 70 to 100 images to build 2D and 3D pictures of the patient's heart.

2-D (two-dimensional) is used to "see" the actual motion of the heart structures.

A 2-D echo view appears cone-shaped on the monitor, and the real-time motion of the heart's structures can be observed. This enables to see the various heart structures at work and evaluate them.

3-D (three-dimensional) captures three-dimensional views of the heart structures with greater detail than 2-D echo. The live or "real time" images allow for a more accurate assessment of heart function by using measurements taken while the heart is beating.

3-D echo shows enhanced views of the heart and can be used to determine the appropriate plan of treatment for a person with heart disease.

Echo is used across the entire spectrum of patient care from in utero to the elderly patient, to investigate a wide variety of symptoms and conditions including chest pain, shortness of breath, palpitations, murmur, dizziness or loss of consciousness, stroke, enlarged hearts diagnosed on x-ray, abnormal heart rhythms.

Patients with signs of high cardiovascular risk are often referred for echo prior to general surgery.

Patients treated with some types of chemotherapy require monitoring with echo throughout their treatment.

Screening for and close watch of rheumatic valvular heart disease.

Children require echo to diagnose and monitor congenital heart defects.

Currently patients from Taupo and Turangi requiring an echocardiogram need to travel to Rotorua Hospital for the test.

The number of Taupo and Turangi patients needing an echocardiogram has increased by approximately 40% in the past five years, from 400 patients in 2012 to 700 patients in 2017.

Roger Lysaght pointed out that the Echo scan can also be used as general ultrasound scan.

Lakes DHB is currently investing in training staff.

Trained sonographers will come from Rotorua to Taupo Hospital to perform heart scans 2 days per week.

The Chairperson confirmed that, in accordance with the Memorandum of Understanding between the Society and Lakes DHB, the Echo scan will be placed at Taupo Hospital only, and, once the life span of the Echocardiogram machine has expired and needing replacement, Lakes DHB is responsible for purchasing this equipment.

The life span of the Echocardiogram machine is 5-10 years, this is dependent on use of the machine.

Resolution:

1. The Society adopt and undertake as a project the raising of \$350,000 approximately to fund the purchase of echocardiogram equipment for use at Taupo Hospital.
2. Subject to sufficient funds being raised to enable purchase of such equipment, that the equipment then be donated to Lakes DHB for use at Taupo Hospital only.

Moved that the Society accept the Resolution.

L Hancock / B Rosanoski **CARRIED**

The Chairperson thanked Stacey Neilson, Roger Lysaght, Nick Saville-Wood, and Sue Wilkie for their support to the Echo scan fundraising.

The Chairperson presented the Echo scan pamphlet. She mentioned that the Heart Scan project team are doing some background work researching possible donors and updating the Society's website and Facebook page. The initial response to the fundraising has been very positive.

The Chairperson informed that Committee members agreed to allocate up to \$80,000 grant towards the purchase of the Echo cardio machine if needed.

The fundraising will not only raise donations towards the Echocardiogram but also it will increase membership and awareness of the Society's purpose and activities.

D. Locke asked on the outcome to the request he made at the last AGM regarding to look for a local provider for the diagnosis and treatment of glaucoma.

The Chairperson informed that in the last 15 months the main focus of the Committee has been the purchase of equipment needed at Taupo Hospital. She apologised for the lack of development on this subject. She advised that the Committee discuss this in the future.

The Chairperson invited all attendees to join the Committee for refreshments.

There being no further general business the Chairperson closed the AGM at 3.38 pm.
