About Us

The Taupo Hospital & Health Society:

Our Mission:

- To assist in the continuation, and development of health care services for all persons within the Taupo Region.
- To promote whatever may seem helpful to those people in need of physical, mental, or spiritual health care irrespective of race, creed, or religious affiliation.
- To use the funds of the Society as the Society may consider supporting and assist the Taupo Hospital, whether financially or otherwise by gift or loan or in any other way the committee considers appropriate.
- In addition to provide support for the advancement education, promotion or benefit of any organization's requiring support which is in accordance with the aims of the Society.

Entity Structure:

- The Society was Incorporated on 3rd September 1992 under the Incorporated Societies Act 1908 of New Zealand. The Charitable Funds are held under Charity Deed registered at the Charity Commission on 19th June 2008. We are governed by a committee of volunteers consisting of Chairperson, Vice Chairperson, Secretary, Treasurer, and ordinary committee members. We have no employees but use an administrative service to assist the Chair and the Treasurer as required.

Chairperson's Report

Kia ora koutou katoa

2021 continues to be a quiet year for our Society due to covid-19 and to the changes to the national health structure.

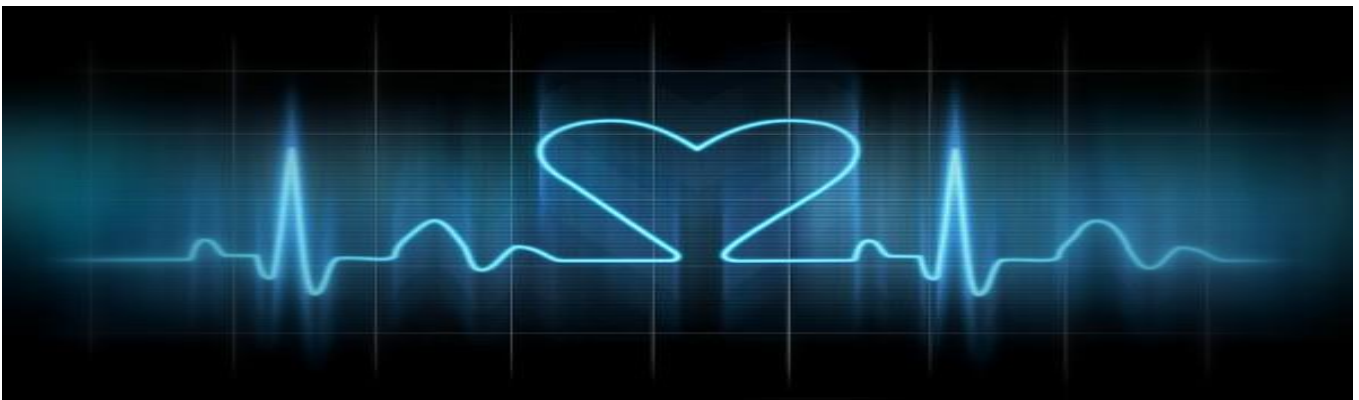

Celebration

CONGRATULATIONS to Taupo Hospital for celebrating their 50th anniversary. (Our annual report cover has the first Taupo hospital at the top and the current hospital at the bottom.)

Project Cancer

The committee have agreed to purchase 2 cancer chairs for the Taupo Hospital, Infusion Taupo Theatre – Te Oranga Wairua, which is a stand-alone Chemo room. This will reduce the number of patients travelling to Rotorua for this service.

CT Scanner for Taupo Hospital is in the Lakes District Health Board budget and will be operational before the end of the year. Appointments by bookings only Monday to Friday.

Our Team

Our Society's long time stalwart and patron Les Winslade has resigned at the young age of 100 years. He has moved out of town to be close to his family. We thank him for his incredibly hard work and wish him well.

We welcome Laurie Burdett as our new patroness, and with her experience and knowledge of Taupo hospital she will be a valuable guide.

We farewell our finance guru Deb Davies as she expands her wings and takes on a new challenge in the health sector. Thank you for your expertise and patience, your passion and professionalism.

Thank you to Fita Alofa and Ellen Kinred for their support as they leave our committee as well.

At the beginning of the year our Administration person – Aimee Clark resigned to take on a full time position and to complete her studies.

We are pleased that Rhonda Tawhai has been taking the Minutes at our committee meetings, and at today's AGM.

Thank you to our honorary solicitor Alan Vane and to Ange Guy – Site Manger for Taupo Hospital. Thank you!

Sadly I will not be standing for chairperson due to personal reasons, and will be resigning from the committee at the end of March next year. I have enjoyed my time with the committee and wish them all the best.

Guest Speaker

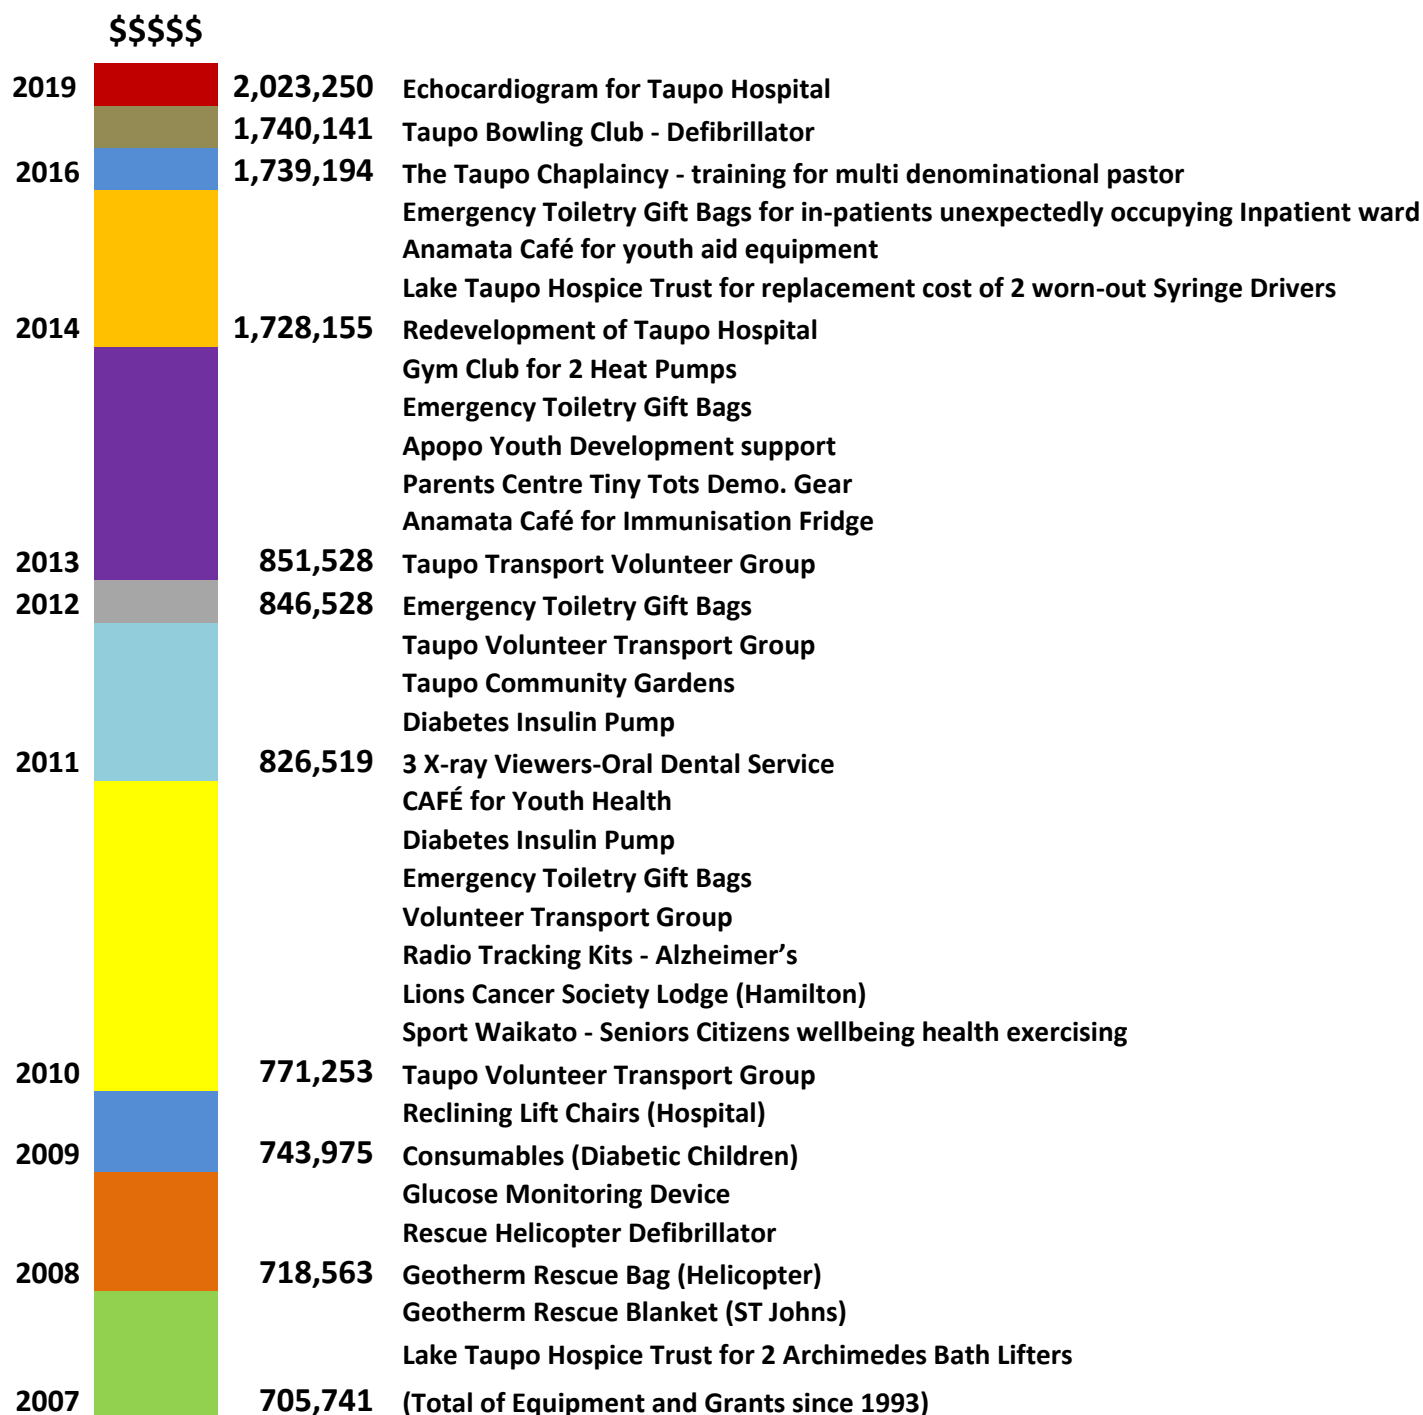

With the changes in the health sector nationwide we are delighted that Nick Saville-Wood from Lakes DHB will provide an update.

Please join us and light refreshments will be available during the AGM.

Lil Hancock - Chairperson

Value of Grants & Equipment Purchased

By 2014 enough generous Bequests had been received to permit the Grant of \$850,000 towards the restructuring and refurbishing costs of the Taupo Hospital. Last year the Society was successful in fundraising for an Echocardiogram for Taupo Hospital.

Reminder: All subscriptions donations are tax deductible. Simply write to IRD Wellington Mail Centre, Lower Hutt quoting your IRD number requesting an IRD526 Form. Add up all your claimable receipts, fill in total and attach the receipts to the claim form. If you have not claimed previously and kept receipts, you can claim on any receipts still held, up to the previous 5 years. IRD will credit your bank account directly with the credit claimed.

INDEPENDENT ASSURANCE PRACTITIONER'S REVIEW REPORT

To the Members of Taupo Hospital & Health Charitable Society Incorporated

We have reviewed the accompanying performance report of Taupo Hospital & Health Charitable Society Incorporated which comprises the entity information, the statement of service performance, the statement of financial performance and statement of cash flows for the year ended 30 June 2021, the statement of financial position as at 30 June 2021, and the statement of accounting policies and other explanatory information.

Committee's Responsibility for the Performance Report

The Committee are responsible on behalf of the entity for:

- a) Identifying outcomes and outputs, and quantifying the outputs to the extent practicable, that are relevant, reliable, comparable and understandable, to report in the statement of service performance;
- b) the preparation and fair presentation of the performance report which comprises:
 - the entity information;
 - the statement of service performance; and
 - the statement of financial performance, statement of financial position, statement of cash flows, statement of accounting policies and notes to the performance report in accordance with Public Benefit Entity Simple Format Reporting – Accrual (Not-For-Profit), and
- c) for such internal control as the Committee determine is necessary to enable the preparation of the performance report that is free from material misstatement, whether due to fraud or error.

Assurance Practitioner's Responsibility

Our responsibility is to express a conclusion on the performance report. We conducted our review of the statement of financial performance, statement of financial position, statement of cash flows, statement of accounting policies and notes to the performance report in accordance with International Standard on Review Engagements (New Zealand) (ISRE (NZ)) 2400 (Revised), Review of Historical Financial Statements Performed by an Assurance Practitioner who is not the Auditor of the Entity, and the review of the entity information and statement of service performance in accordance with the International Standard on Assurance Engagements (New Zealand) ISAE (NZ) 3000 (Revised). Those standards require us to conclude whether anything has come to our attention that causes us to believe that the performance report, taken as a whole, is not prepared in all material respects in accordance with Public Benefit Entity Simple Format Reporting – Accrual (Not-For-Profit). Those standards also require that we comply with ethical requirements.

A review of the performance report in accordance with ISRE (NZ) 2400 (Revised) and ISAE (NZ) 3000 (Revised) is a limited assurance engagement. We will perform procedures, primarily consisting of making enquiries of management and others within the entity, as appropriate, and applying analytical procedures, and evaluate the evidence obtained. The procedures selected depend on our judgement, including the areas identified where a material misstatement is likely to arise and includes performing procedures to obtain evidence and evaluating

whether the reported outcomes and outputs, and quantification of the outputs to the extent practicable, are relevant, reliable, comparable and understandable.

The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing (New Zealand) and ISAE (NZ) 3000 (Revised). Accordingly, we do not express an audit opinion on the performance report.

Other than in our capacity as assurance practitioner we have no relationship with, or interests in, Taupo Hospital & Health Charitable Society Incorporated.

Basis for Qualified Conclusion

As for other organisations of a similar nature, control over the cash revenues collected from donations prior to being recorded is limited, and there are no practical review procedures to determine the effect of this limited control.

Qualified Conclusion

Based on our review, except for the effects of the matter described in the Basis for Qualified Conclusion paragraph, nothing has come to our attention that causes us to believe that:

- a) the reported outcomes and outputs, and quantification of the outputs to the extent practicable, are not suitable;
- b) the performance report does not present fairly, in all material respects:
 - the financial position of Taupo Hospital & Health Charitable Society Incorporated as at 30 June 2021, and of its financial performance and cash flows for the year then ended; and
 - the entity information and its service performance for the year then ended in accordance with Public Benefit Entity Simple Format Reporting – Accrual (Not-For-Profit).

10. **MEMBERSHIP/SUBSCRIPTIONS**

Refer to the Treasurer's Report, this included a note, that the committee unanimously agreed to waive the membership fee for the current Ordinary, Club and Corporate members for the 2020/2021 financial year. Life in Perpetuity Memberships are to remain at \$100 per person.

11. **GENERAL BUSINESS**

11.1 Lil Hancock spoke briefly on the prospect of a CT Scanner for Taupo Hospital. Due to the significant cost of this project (\$1,000,000) fundraising is not being considered as a viable option. Instead the Society will be discussing the project with philanthropists once it has been fully costed and negotiated with Lakes DHB. The meeting was advised that Lakes DHB have offered to seek legal advice to ensure that a CT Scanner could not be re-deployed or otherwise used outside of the agreement with the Society.

11.2 Ange Guy (Site Manager – Taupo Hospital) thanked the Society again for the successful Heart Scanner Appeal and gave her account of Taupo Hospital's response to Covid-19 and an overview of current and future projects at the hospital. During her discussion she shared her preference for some form of acknowledgement of the Society's support and contributions to Taupo Hospital, possibly in the form of a plaque or signage in the ward corridor. She also shared her support for the CT Scanner Proposal.

The meeting was advised that Taupo Hospital had moved quickly to stay Covid free, with all suspected cases being transferred to a special ward at Rotorua Hospital to protect the staff and operations at Taupo Hospital. She recounted the initial setting up of the Swabbing Clinics and CBACs and made special mention of the assistance Lakes DHB had from Taupo District

Council. The current Covid Testing Station on Miro Street is currently reducing operations due to the recent community outbreak in Auckland being contained, but she advised that they are prepared to increase testing availability as needed.

With regards to the recent Simpson Report on the Health & Disability Services, Ange re-iterated that it is a possibility that the number of DHB's in New Zealand could be substantially reduced, but offered reassurance that the operations and services delivered by Taupo Hospital are unlikely to be affected.

Ange spoke briefly with reference to Maori Language Week. She advised that a formal Te Reo qualification is being introduced for Taupo Hospital staff. This will entail an 18 month course doing 4 hours per week and will also be available to other interested parties. She encouraged anyone who was interested in joining the course to contact her. She also advised that there has been an ongoing program where staff at the hospital come together for waiata on Thursday mornings, this has been enjoyed by both staff and visitors to the hospital.

Projects currently underway or in development include:

- a Day Stay Chemotherapy Unit that will significantly reduce the number of patients needing to travel to Rotorua Hospital. Work on the unit is beginning this week and will involve refurbishing an existing area of the hospital.
- A business plan to increase inpatient capacity from 10 beds, increasing to 15 beds in winter, to 15 – 17 beds through-out the year has been submitted.
- Ange acknowledged that there was a need to expand on the current space available for outpatient clinics, a plan to increase availability is in the early stages of development.
- The anticipated arrival of a new Clinical Nurse Manager at Taupo Hospital.

Following Ange's talk, Joan Williamson took the time to acknowledge the changes at Taupo Hospital that have occurred during her involvement with the Society and her appreciation of the treatment she received there during her own recent health issues.

CLOSURE OF MEETING

The Chairperson invited all present to join the Committee for refreshments. Debbie Davies closed the meeting with a karakia.
